ULUSABA IN THE COMMUNITY

One of our proudest achievements at Ulusaba is the continuing good work done by our charitable arm, Pride 'n Purpose. With an emphasis on promoting sustainable development, Pride 'n Purpose has worked to improve access to schooling and basic services such as clean water and health care in the surrounding communities. Guests can look for the latest newsletter in their room, and why not recommend that during their visit they go on a Community Tour? There are several tours, and all proceeds from these tours go back into local development projects.

Richard's recommendations

- Split your stay between both lodges – each gives you a different perspective on the bush.
- Ask about going on a community tour during your stay – it's a great way to get a feel for life in the local area surrounding the reserve
- Book into one of the luxurious Cliff Lodge Suites, or take both exclusively and get your own private chef and game drive vehicle!

Rock Lodge and Safari Lodge are about 500m apart, but it's not possible to walk between them – the locals can be somewhat unpredictable! However our staff will be happy to drive you between lodges or to the tennis courts whenever you like.
